

Internet Safety Presentation

Clearmeadow Public School

Tuesday, October 27

6:45—7:45 pm

In The School Library

In our new internet generation, children are interacting with the world around them in ways many adults never would have imagined. The benefits of internet access are enormous, but unfortunately there are some risks. Parental involvement is the way to keep your child/ren safe online.

Not sure where to start? Please join us on Tuesday, October 27th to learn information about computer monitoring software, anti-virus software and Facebook.

Live Demonstrations!

Free Resources Available

Interactive Question & Answer Period
